MR. FELLOWS'S TURN.

His Counsel Declares He May Not Put In Any Evidence.

Eeastingly Asserts There Is Nothing fer Him to Defend.

Ex-Judge Van Hoesen Comes in as Attorney for the Colonel.

Before the hearing of the charges against District-Attorney Fellows was esumed this morning, there was a discussion among the German-Ameri can and Good Government Club men about the testimony last evening of THE PARIS AGROUND. Judges Fitzgerald and Cowing.

Although neither of them made startling statements, the prosecutors argued that even the admission by the judges that the business of the courts often is delayed because of the District-Attorney's inability to present cases for trial, is proof of negligence on his part.

The theory of the defense has been that delay in prosecutions is due to the small number of courts to hear cases, and spectators were puzzied this morning to know if Col. Fellows would try to prove that Judges Cowing and Fitzgerald were mistaken.

Among the first to arrive at the trialroum were the Good Government Club champions, Tucker, Weiling, and McMahon. They were to meet the defense of Col. Feilows to the charge that he was negligent in the prosecution of homicide cases.

Mr. Phillips, at the beginning of the hearing to-day, put in evidence certain documents in the Carrere case, showing that Col. Feilows personally asked for a dismissal of the indictments for forgery and larceny. Although neither of them made start-

"The District-Attorney will proceed." remarked the Commissioner.
"The District-Attorney will proceed after he hears all the evidence," answered Mr. McCurdy.
Then he made the astonishing statement that, if no more important evidence sgainst Col. Fellows was produced no witnesses would be called in rebuttal. He positively refused to go on until the complainants had completed. An adjournment was taken until to-morrow.

THAT \$5,000 CHECK.

It is said the German-American Fiv. have been investigating the report that Col. Fellows had been paid \$5,000 by the Col. Fellows had been paid \$5,000 by the Mutual Life Insurance Company for securing the conviction of Dr. Meyer for poisoning Ludwig Brandt. It was even said that the German-Americans had had mysterious interviews with Mr. Julien, who collected evidence in the case for the Insurance Company.

Col. Fellows was asked about the matter this morning. He said:

"Yes, I certainly did receive a check for \$5,000 from the Mutual, but it was for insurance on my sister's husband's life, and I received it twenty-two years ago. As for this Meyer story, it is a lie, a first-class lie."

Millionaire Oakes Wants Absolute Separation from His Wife.

Very Damaging Evidence Given Against Mrs. Oakes.

What a Policeman of Astoria Discovered and Told.

Millionaire Francis J. Oakes's suit for absolute divorce from his wife, Mrs. Lucila C. Oakes, was continued before Justice Brown in the Circuit Court, Brooklyn, this morning.

Oakes is a manufacturer chemist in Stone street, New York. The Oakes were married in 1882, and lived for years in Astoria, L. I. Oakes names Paul Rooney, jr., of Long Island City, and Lawyer Henry M. Heymann, of New

Oakes's answer was a counter suit.

The feature of the trial this morning Travers Charged the American of Long Island City. Henry Harrison preceded him. Harrison said in the early morning of Oct. 7, 1888, he saw Mrs. Oakes walking on Fulton street Astoria, with Paul Rooney, Jr., whom he regarded as a disreputable man. Policeman Kelly sware he and Office: Borden, of the Long Island City police force, saw Rooney and Mrs. Oakes together at 1.30 o'clock on the morning of Oct. 7, 1888. Keily learned that the couple were in the yard of Morris's blacksmith shop, near Futton street. He chept quietly into the place and saw Mrs. Oakes and Rooney in an old boat. Keily declared he grabbed Rooney by the collar and told him to go home.

Rooney and Mrs. Oakes walked down the street arm in arm. Keily finally took Mrs. Oakes to her home in Ditmars avenue. Mrs. Oakes, Kelly said, told him not to go too near the house, as she did not want the "old man," meaning her husband, to know she was out so late. together at 1.30 o'clock on the morning

Proudfouw and his friends did not come to court, and so Murphy explained with his gockney accent that he had stepped in to stop a fight. As was swall, he had got the worst of it.

Justice Voorhis said that as no one had appeared against tarphy he should had appeared against tarphy he should had appeared against tarphy he should have the court.
